

Ten years of the IKT LinerReport: Quality and transparency oblige

Three-point bending test on a CIPP-Liner

The IKT test centre has been publishing annual reports on the results of its CIPP liner tests since 2004. Are CIPP liners better today? What trends are apparent? And what is the current picture?

There is cause for a small celebration: the IKT now presents its LinerReport, an annual overview of CIPP liner quality, for the tenth time in succession. An excellent occasion, therefore, to chance a look back at the statistics, and assess the developments in the quality of the most important refurbishing method.
